	Adlay Production Support <i>This program offers a potential window for the mainstream utilization of Adlay as a healthier alternative to rice and corn. Adlai is a promising supplementary staple food crop in terms of its comparative advantage in a number of physicochemical constituents such as energy, crude protein and crude fat content. Adlai in undermilled form is also desirable owing to its higher availability of fiber. Moreover, in support of the scale-up technology adoption of the Department of Agriculture, Adlay is promoted as a healthy staple food.</i>	PAGRO	January	December	Hectares of Adlay production area -20	General Fund	0.00	510,000.00	0.00	0.00	510,000.00	0.00	0.00	
	Provincial Youth Welfare and Development Program <i>Provincial Youth Welfare and Development Program is a program that provides enabling mechanisms to cater to the needs for the welfare and development of the youth in the province especially the marginalized and vulnerable. It supports activities anchored on the 10 Centers of Participation that focuses on health, education, economic empowerment, social inclusion & equity, environment, governance, active citizenship, peacebuilding & security, global mobility, and agriculture.</i>	PSWDO	January	December	4 YDO Meetings Conducted	Other Sources	0.00	2,500,000.00	0.00	0.00	2,500,000.00	2,500,000.00	0.00	A224-03

	<i>tool to boost employee morale, encourage excellence, and promote a culture of integrity, efficiency, and public service commitment. By highlighting individual and team achievements, the program fosters a positive work environment, enhances productivity, and supports the attainment of both departmental and provincial goals through sustained employee engagement and performance. This program helps in building a dynamic, goal-driven, and competent workforce. Specifically, this program aims; 1. To recognize the employee's dedication and length of service in the government. 2. To encourage and retain top-performing employees. 3. To motivate employees to excel in their work performance and pursue their career development. 4. To recognize provincial officials and employees who exemplified outstanding performance through the Honor Awards Program (HAP). 5. To provide avenues for employees to promote and practice healthy lifestyles in the workplace. 6. To ease the transition from working to the non-working environment of the retiring employee of the Provincial Government. 7. To increase the number of awardees in the province.</i>				Retirees (13 males and 7 females) interviewed and video shoots conducted CS Month Opening Program conducted loyalty awardees (57 males and 30 females) recognized AOs (11 males and 24 females) participated in AO Day employees (1,050 males and 950) participated in the Employees Sportsfest employees (1,050 males and 950 females) participated in the Civil Servants' Fair	I Fund

	Banana Industry Development Program - Fusarium Wilt Management for Davao de Oro province (operation of Trichoderma Laboratory) <i>This project strengthens the province's resilience against climate change by promoting sustainable agricultural practices and focus on disease management and supporting banana farmers, this project contributes to a more resilient and sustainable agricultural sector in Davao de Oro, aligning with national efforts, local government mandates as articulated in the Provincial Development Plan and annual budget, and contributing to broader sustainable development goals. A detailed cost-benefit analysis further reinforces the project's value and justifies the allocation of provincial resources.</i> <i>Strategies and Activities:</i> <i>1. Production of Trichoderma harzianum</i> <i>2. Distribution of Trichoderma harzianum in packs</i> <i>3. Establishment of technology demonstration farms in FOC infected areas - showcasing the application of Trichoderma harzianum using the RCPC protocol</i>	PAGRO	January	December	32,5000 packs Trichoderma produced for techno demo	General Fund	0.00	1,250,000.00	0.00	0.00	1,250,000.00	1,250,000.00	0.00	A112-03

	Logistical Support to Farmers and Fisherfolks <i>This project will promote sustainable fishing practices as mandated by the Fisheries Code of 1998 (Republic Act No. 8550) as amended by Republic Act No. 10654, which emphasizes the sustainable development of fisheries resources. By equipping beneficiaries with the necessary knowledge and skills, the project will enhance their ability to adapt to changing conditions and improve their productivity.</i>	PAGRO	January	December	5 farmers and fisherfolks associations identified	General Fund	0.00	2,200,000.00	0.00	2,800,000.00	5,000,000.00	0.00	0.00	
	High Value Crops Development Program <i>This program focuses on coffee, cacao, and banana, a key component of this effort. A crucial element of this program is the development of community-based enterprises. This initiative targets active farmer associations with surplus production, providing support to establish micro-businesses within their communities. The project will focus on value addition and quality improvement of processed products, ultimately aiming to strengthen livelihoods, generate new economic opportunities, and boost household incomes, particularly in vulnerable and marginalized communities often lacking funding and capacity. It also prioritizes agroforestry</i>	PAGRO	January	December	20 Farmer, Cooperative and Association / cluster conducted	LDRRMF	0.00	2,400,000.00	0.00	100,000.00	2,500,000.00	0.00	0.00

	<i>This program is built on the core belief that sustainable vegetable gardens can be transformative, creating communities that are not only self-sufficient but also well-nourished. By fostering a sense of collective responsibility and providing the necessary tools and knowledge, the program seeks to establish a resilient and thriving agricultural ecosystem in Davao de Oro. Community participation and ownership are crucial for the long-term success of the Gulayan Program. Ensuring access to water for irrigation in both home and school gardens is another key factor to consider.</i>				1 site inspected	General Fund								
	AGRICULTURAL MODERNIZATION PROGRAM: DRONE TECHNOLOGY ADOPTION <i>This program is deeply rooted in the pressing needs and future trajectory of agriculture in Davao de Oro. Drone technology offers a pathway to precision and efficiency, optimizing resource use and boosting yields, directly aligning with AFMA's core objectives. Critically, it holds the key to attracting the next generation to farming. By showcasing innovation, particularly to young people and women, and providing opportunities for high-skill development in drone operation and data analysis, the program can rejuvenate the aging agricultural workforce and foster greater gender inclusivity. This shift in perception, moving away from the image of rice farming as solely laborious and low-income, is crucial for sustainable rural development.</i>	PAGRO	January	December	5 IAs identified	General Fund	0.00	860,000.00	0.00	11,000,000.00	11,860,000.00	0.00	0.00

	Provincial Meat Inspection Service (PMIS) <i>This program is expected to support livelihood and food security initiatives within the province. It will serve as a platform for technology demonstration, skills development, and the promotion of environmental sustainability through best practices in animal husbandry. Furthermore, it will foster social development by encouraging the participation of men and women, as well as indigenous and cultural minorities, in the meat industry. Ultimately, the Provincial Monitoring and Inspection System (PMIS) is a significant step toward ensuring public access to safe meat, promoting the right to health, and enhancing health consciousness among the population.</i>	PVO	January	December	Municipalities inspected	General Fund	0.00	2,900,000.00	0.00	3,600,000.00	6,500,000.00	0.00	0.00

	Technical Education Skills and Livelihood Program <i>This program needs the following activities. First, conduct skills mapping, impact assessment, and profiling per municipality to address the proper implementation in the different sectors of the community and to monitor/assess the impact of the livelihood and skills training beneficiaries a few months after the implementation. Second, facilitate/assist the community-based skills training of the 11 municipalities to continuously reach out to the community who are still not able to undergo such livelihood training, especially in remote areas. Third, the integration of competency-based technical vocational education and training (CBTVET) in which it ensures that vocational education aligns with industry needs, reduces the skills gap, and enhances the employability of graduates. Lastly, facilitates employment for skilled men and women workers by connecting to different establishments and partner agencies.</i>	PAO	January	December	impact assessments conducted 100 females and 100 males Beneficiaries interviewed	G e n e r a l F u n d	0.00	1,460,000.00	0.00	2,000,000.00	3,460,000.00	0.00	0.00

	Mining and Quarrying Development Program This program is designed to address the critical need for effective oversight, regulation, and management of mining and quarrying operations within the province. The importance of the program lies in its comprehensive approach to the lifecycle of mining and quarrying operations, from permit and contract application processing to ongoing site inspections and compliance monitoring. Given the substantial revenue potential from mining and quarrying activities, it is critical that these operations are effectively regulated and monitored to ensure that they adhere to policies that protect both the environment and the local communities. The MQDP will ensure that applications for permits and contracts are thoroughly assessed before endorsement to the PMRB for deliberation, taking into account the various legal, environmental, and socio-economic considerations, in support of the PMRB's deliberation and also supports the ongoing process of rigorous monitoring. Permit holders and operators must be continuously inspected to guarantee that they uphold the legal and regulatory frameworks set forth by the Department of Environment and Natural Resources (DENR), Mines and Geosciences Bureau	PENRO	January	December	permit/contract applications processed using a checklist that assesses gender-differentiated social and environmental risks	General Fund	0.00	1,700,000.00	0.00	0.00	1,700,000.00	1,700,000.00	0.00	A514-02

	Biofertilizer and Biocontrol Agents Production Support Program <i>This program directly empowers marginalized farmers by supporting the production and distribution of affordable and effective biofertilizers and biocontrol agents, fostering a more sustainable agricultural economy. This program will improve soil health, increase harvests, and boost farmer incomes. Crucially, the program addresses specific climate risks faced by farmers in the region. By improving soil health and water retention through biofertilizer use, the program helps crops withstand the increased frequency and intensity of droughts. The improved soil structure also enhances drainage and reduces erosion, mitigating the impacts of erratic rainfall patterns and flooding. Furthermore, biofertilizers can enhance plant heat tolerance, reducing yield losses caused by rising temperatures. Finally, recognizing that climate change can worsen pest and disease outbreaks, the program promotes the use of biocontrol agents as a more sustainable and environmentally</i>	PAGRO	January	December	bags (50kg/bag) of vermicasts produced	General Fund	0.00	1,715,000.00	0.00	0.00	1,715,000.00	1,715,000.00	0.00	A112-02

	Sagip Saka Program <i>This program will actively stimulate the creation and expansion of agricultural and fisheries enterprises within Davao de Oro. This will lead to a significant increase in production, resulting in a more robust and economically vibrant agricultural and fisheries sector. The growth of these enterprises will naturally generate new job opportunities, fostering a more diverse and empowered local workforce. This will leverage the market-driven approach outlined in the Sagip Saka Act. This will involve establishing linkages between local producers and a wider range of buyers, encompassing both domestic and international markets. By providing access to these expanded markets, farmers and fisherfolk will have the potential to secure better prices for their products.</i>	PAGRO	January	December	Purchased 15,000 bags (50kg per bag) of fresh palay	General Fund	0.00	20,000,000.00	0.00	0.00	20,000,000.00	0.00	0.00

	AID/CAPABILITY DEVELOPMENT FOR PERSONNEL OF LAW ENFORCEMENT AGENCIES AND VOLUNTEERS/PARTNERS- KASANGGA SA KAPAYAPAAAN NG PROBINSYA <i>The Aid/Capability Development for Personnel of Law Enforcement Agencies and Volunteers/Partners – Kasangga sa Kapayapaan sa Probinsya is a strategic initiative under Davao de Oro's Peace and Development Program. It aims to enhance the operational effectiveness, professionalism, and community engagement of law enforcement personnel and their civilian partners at the provincial level. By investing in the skills and capabilities of both uniformed personnel and community volunteers, Kasangga sa Kapayapaan sa Probinsya strengthens local peace and order councils and supports the implementation of localized Peace and Order and Public Safety (POPS) plans. This initiative contributes to a more resilient and inclusive approach to public safety and development across Davao de Oro.</i> <i>POPS Issue: THREAT OF RESURGENCE OF THE COMMUNIST TERRORIST GROUPS (CTGs) IN THE PROVINCE</i>	PAO	January	December	Facilitated monthly honorarium release for 12 months to certified KKP members Conducted 5 Orientation/Release of Honorarium Activities Conducted 2 Seminars/Trainings/ Workshop/Year-end Evaluation	Other Sources	0.00	50,000,000.00	0.00	0.00	50,000,000.00	0.00	0.00

	<i>(PPO), an attached agency of the Department of Justice under the Parole and Probation Administration Region XI, provides community-based supervision and rehabilitation services to 1,562 probationers, parolees, and pardonees across eleven municipalities in Davao de Oro, despite having only three organic personnel. Serving largely poor and vulnerable sectors—including women, youth, senior citizens, and indigenous peoples—the office faces challenges in delivering timely, gender-responsive, and holistic interventions due to limited manpower and logistical resources. This project seeks funding support to strengthen operational capacity, enhance legal awareness, gender sensitivity, psychosocial support, and livelihood initiatives, and improve inter-agency coordination, ultimately promoting rehabilitation, reducing recidivism, and fostering safer, more inclusive communities in the province.</i>				reintegration programs supported	r a l F u n d

	Integrated Disaster Resilience in the Occupational Safety and Health (OSH) Standards of Establishments <i>The program is centered on Republic Act No. 11058 Namely Occupational Safety and Health Standards Act, which was signed into law on August 17, 2018 that aims to protect the safety and health of workers by ensuring safe and healthful working conditions in all workplaces and under RA 10121, local government units (LGUs) are mandated to formulate their DRRM plans. These plans can include provisions for integrating OSH considerations, such as conducting risk assessments of workplaces to identify hazards related to both occupational safety and potential disaster risks. It emphasizes the importance of capacity building and training. OSH standards require employers to provide training on workplace safety practices, while DRRM initiatives focus on building the capacity of individuals and communities to respond to disasters. Integrating these efforts ensures that workers are equipped with the knowledge and skills to respond to both occupational hazards and disasters.</i>	PDRRMO	January	December	4 Committee/ATD/SO's Meetings and Safety Officers/Secretary/ATD's Meetings conducted 4 Committee/ATD/SO's Meetings and Safety Officers/Secretary/ATD's Meetings conducted 4 training conducted to the capitol employees and government/non-	L D R R M F	0.00	1,200,000.00	0.00	0.00	1,200,000.00	1,200,000.00	0.00	A423-01

	Davao de Oro provides financial assistance to municipalities to help them deliver essential services and implement priority programs and projects. This support addresses budget limitations that often hinder service delivery, infrastructure development, and social initiatives. By strengthening collaboration between provincial and municipal governments, the program enhances public services, promotes inclusive and sustainable development, and fosters good governance, accountability, and participatory decision-making at the local level.				Programs/Activities supported	a l F u n d								
	FINANCIAL ASSISTANCE FOR VARIOUS NGOs/CIVIC ORGANIZATION PROGRAM 2026 Non-Government Organizations (NGOs) and civic organizations play a crucial role in supporting the programs and services of the Provincial Government of Davao de Oro, especially at the grassroots level. As partners in development, they help address social, economic, environmental, and humanitarian needs through community-based initiatives that promote inclusive growth and social protection. Providing financial assistance to duly accredited NGOs and civic organizations strengthens participatory governance, enhances service delivery, and ensures that marginalized and vulnerable sectors are reached. Such support is a strategic investment in collaboration, accountability, and sustainable development in the Province of Davao de Oro.
